Creative Creations!

At the beginning of September, we held our regular art class here at Hazelwood. The talented Fazeelah, joined us with her creative flair and we had a fantastic time making our favourite ice creams.

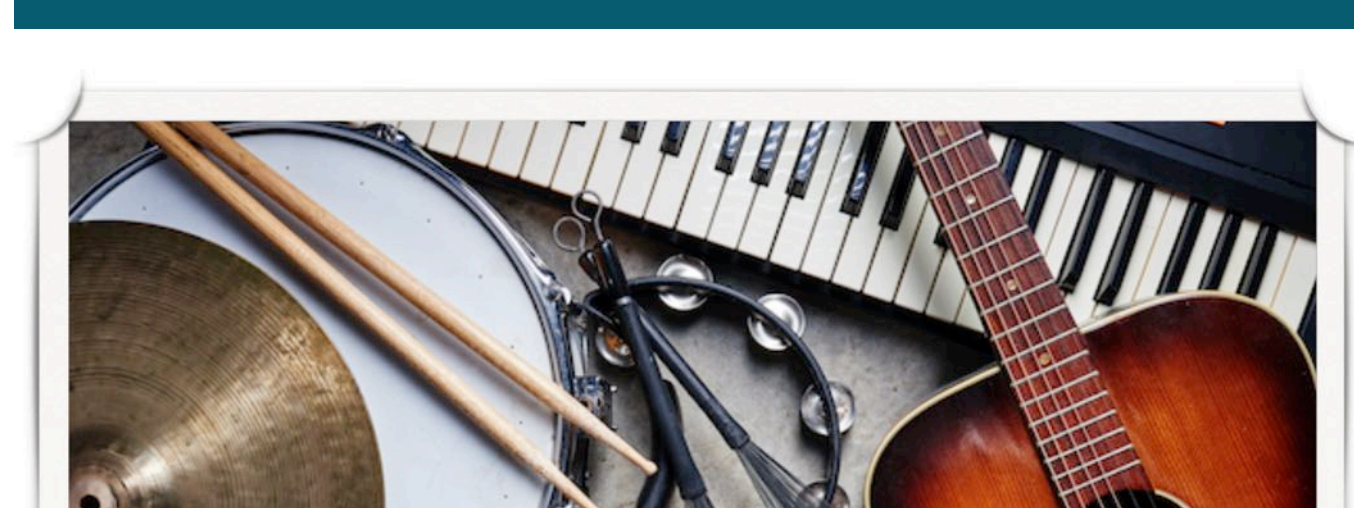

We then presented our creations together on a large canvas and our residents loved discussing the different flavours and the unique designs that we came up with. The canvas art piece that we created is now proudly hanging in our sensory room, where our residents can admire it whenever they like.

We have also had a lot of different in-house activities going on recently. We organised chair yoga, art therapy, flower pressing, group games, singalongs and even a lovely group chat session. Our residents enjoyed all of these activities immensely and we are happy to see them engage in various fun-filled experiences.

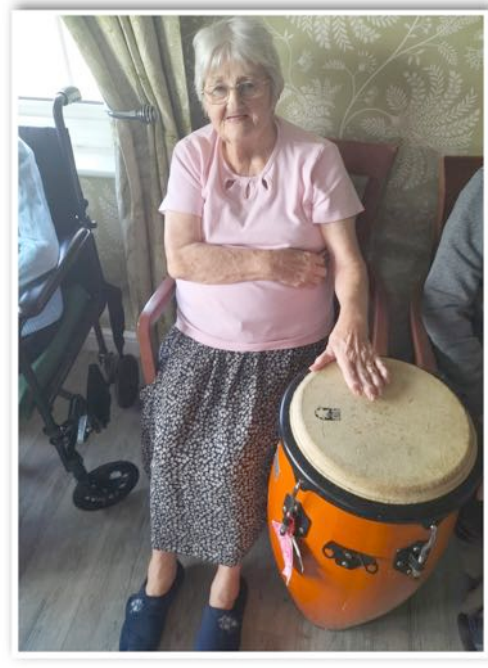

Making Music

Toes Tapping!

Our residents have always had a great love for music, so we decided to try something different. Our activities team organised a drumming workshop with Leonardo, which turned out to be an incredibly fun experience.

The drumming was a bit loud initially, but Leonardo was patient and taught our residents about timing, synchronising and different tones. Gradually, we started to get the hang of things and even managed to create a little rhythm of our own.

20 Years of Service

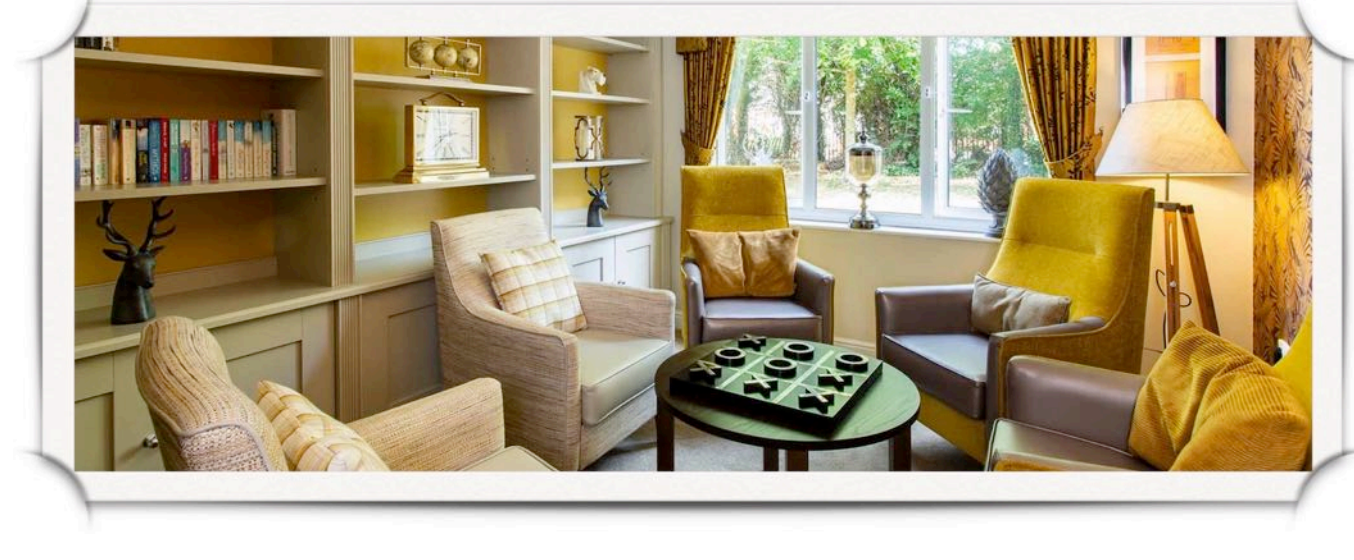

Thank You!

In September, we celebrated our wonderful Nurse, Hina, on 20 years of service here at Hazelwood. We had a barbecue for our staff and residents to celebrate!

Hina's journey in nursing began in India, where she specialised in the Urology Department of a hospital. She moved to England in 2001, seeking better opportunities and continued her career in nursing. It was in 2003 that she joined Hazelwood and since then, she has been an integral part of the team! We congratulate Hina on her 20 years of dedicated service and we thank her for all her hard work!
